

Preparing to Study at A level

Work for Maths and Further Maths

Below you will find 5 weeks preparation work (around 10 hrs in total) for your A level course and an Enrolment Task (2hrs). You will need to do the same for your other two subjects. The final Enrolment Task must be submitted to Enrolment@StratfordSchool.co.uk by Monday 12th July

Exam Board: Edexcel

You can find the course specifications here:

Maths and Further Maths - <https://bit.ly/34jxErW>

Research Tasks and Wider Reading

Look at the attached **ONCE A MATHEMATICIAN, ALWAYS A MATHEMATICIAN!** Sheet to find a selection of mathematical material in different formats. They should inspire you as you are looking towards your A Level Maths/Further Maths courses.

Additionally you can access this website to find online tutorials designed to bridge the gap between GCSE and A Level <https://bit.ly/3oL8sv>

Activities:

Go to YouTube [Live lessons - YouTube](#) and work your way through the 26 videos "Getting ready for A Level Maths". The topics are all GCSE but provide the solid foundation you will need to move straight into A Level.

Enrolment Task (This must be sent to Enrolment@StratfordSchool.co.uk)

Year 12 AS/A level Maths Baseline Test

Year 12 AS/A level Further Maths Baseline Test
