Facilities

In September 2025, the school opened a new Performing Arts block featuring outstanding, industry-standard facilities. The department benefits from three dedicated music classrooms, a suite of music practice rooms, a recording studio, two fully equipped drama studios, and two spacious dance studios. Performance spaces are further enhanced by retractable tiered seating and professional lighting in both

the Hall and the new dance studio, providing excellent opportunities for high-quality productions and performances.

Cultural Capital and Extra Curricular Activities

The department has a well-established and vibrant programme of after-school clubs, offering students a wide range of opportunities across dance, drama, and music (plus tech club). In a typical week, students can participate in multiple clubs that enrich their learning beyond the classroom. Recent productions have included *Mary Poppins*, *Matilda*, and *High School Musical*.

We are proud to maintain strong links with the Royal Shakespeare Company, providing Performing Arts students with regular opportunities to collaborate with visiting artists and technical professionals. Students have performed in *Romeo and Juliet* and *A Midsummer Night's Dream* at Stratford upon Avon School plus taking part in the Playmakers Festival.

The department has established excellent partnerships with a number of local industry professionals. Dance has developed strong connections with organisations such as Motionhouse and Highly Sprung. The Music Department maintains strong links with industry professionals who provide our peripatetic music lessons, alongside the Music Teachers' organisation, which manages lesson administration for many students in Years 7–11. We are seeking a music teacher who is enthusiastic about continuing to develop and strengthen these valuable professional links.

I hope you feel enthused about the opportunities that this appointment offers.

We will look forward to receiving your application in due course.
