i POLICY OUTLINE

The policy describes the statement of intent regarding health and safety of staff, pupils, visitors, hirers and contractors, and the obligations of specific postholders and groups of individuals.

ii PURPOSE

The purpose of this policy is to define the obligations and strategic intentions of Stratford-upon-Avon School, the Academy Trust, in ensuring that:

- A safe learning and working environment is maintained;
- Compliance with legal and statutory requirements is assured;
- Staff responsibilities are allocated in order that health and safety management is well-informed, effective, and fully communicated;
- An ethical and sustainable context, broadly in line with the ethos of the school, is maintained.

The Health and Safety Procedures provide the appropriate level of detail for the benefit of staff managing and operating the systems.

iii IMPLICATIONS OF POLICY

Staff training is an ongoing necessity in order to fulfill the requirements of the Health and Safety Policy and Procedures. Budget provision is necessary to facilitate meetings and activities of the staff H&S committee (e.g. cover).

iv EQUALITY ANALYSIS

Every policy will be subject to an Equality Analysis (EA) completed by the policy writer, which should be circulated to all those being consulted, with the draft policy.

v CONSULTATION

Consultation will be with all staff holding significant health and safety management responsibilities.

vi PROCEDURES

Procedure is the method by which the strategic intent of the policy is realised, and is thus an ‘instruction manual’ on how the policy outcome is to be achieved.

The procedure which supports this policy is an independent document, for internal use by Academy staff. The procedure reference is shown on the Policy Identification Page.

The development or amendment of the procedure is at a tactical / operational level. There is therefore no necessity for active referral to the Governing Body **unless** the policy intent has been altered.

If there is significant change to the procedure element of the policy there may be a requirement to engage in the consultation process and refer to the Governing Body.

Lead responsibility for authoring of procedures sits with the Facilities Manager
